

The Procurement Service Provider of Choice

Since its founding in 1981 International Procurement Agency B.V. has become one of the leading organisations in providing superior supply, procurement and consultancy services to principals in all parts of the developing world on a strictly independent basis.

Expertise

IPA closely adheres to the specific rules and guidelines set out by its principals. Our staff is well versed in the procurement regimes and the project management methods of various bi- and multilateral donors, from the World Bank to regional development banks, from the European Commission to Dutch Aid and from UN organisations to NGO's.

Accountability

IPA guarantees an efficient, fully transparent and accountable procurement and advisory process, whether we source the appropriate consultant for the assignment or the right products for the project's implementation.

Client Solutions

IPA distinguishes 3 service areas

Supply Services

IPA's *Supply Services* target the needs of UN agencies, international aid organisations and NGO's focused on humanitarian aid. Over the last two decades our scope of supply has expanded from common user items to custom-built capital equipment.

Our experienced buying teams cover the whole supply chain, from strategic sourcing to commissioning and delivery of the goods to its final destination.

Emergency Response

For a rapid response during natural disasters and crisis situations, our professional Supply Division is ready to deliver emergency supplies such as:

- Tents
- Plastic Sheeting
- Blankets
- Buckets, etc.

In addition, the IPA in-house logistic management services offer a secure and experienced implementation for any emergency situation.

Procurement Services

IPA's full range of *Procurement and Logistics Services* cover the following sectors:

- Health
- Education
- Agriculture
- Irrigation and Engineering
- Water and Sanitation
- Infrastructure
- Transport
- Natural Resources

Consulting Services

IPA offers professional *Consulting Services* in areas such as:

- Technical Specification of Requirements
- Inspection and Price Verification
- Procurement Capacity Building
- Procurement Auditing
- Developing Procurement Policies and Procedures
- Procurement IT Solutions
- Drug Supply Management
- Project Identification and Planning
- Peacekeeping and Rehabilitation
