Burundi – Transit camp for former combatants

On behalf of the Ministry of Foreign Affairs of The Netherlands, IPA arranged turn key delivery of a transit camp for former combatants. The camp (Camp Espoir) is designed to serve as training facility for several consecutive groups of approximately 2000 men, prior to the actual re-integration. The work effected by IPA included procurement of local services for site preparation and camp set-up, international procurement of tents, blankets, power, Latrines and water supply materials, kitchen units as well as the on-going procurement of consumables and food for the inhabitants.

Award of Peace Corps Hardware Refresh Project

IPA USA has been awarded the contract to re-supply all overseas offices of United States Peace Corps (PC) with HP Computer Equipment. IPA's longstanding relationship with PC along with very competitive pricing helped to secure this contract. This contract covers the period September 2004 through March 2007 and is for over 75 locations throughout developing countries. With the shipment of over 100 File Servers, 2200 Desktops and 500 Laptops, this project enables IPA to further demonstrate its premier service provider reputation.
